

Since the founding of our winery in 1992, our family has poured our passion for land, grape growing and winemaking into each and every bottle of Frank Family Vineyards wine. Today we own over 450 acres of the finest vineyard land checkerboarded throughout the beautiful Napa Valley. This allows us to control quality and cultivate sustainably on our own estate and enables our winemaker, Todd Graff, to blend perfectly balanced wines. With a commitment to crafting the finest representation of Napa Valley wines, we hope to create a legacy for generations to come.

Next time you are in the Napa Valley, stop by the Frank Family tasting room to raise a glass with us. We are regarded by many to be the friendliest tasting room experience in wine country, and it is a big part of why we have cultivated many loyal followers. Our 19th-century stone winery is listed on the Register of National Historic Places, and the surrounding elm trees provide a lovely setting for a lazy afternoon picnic. You are invited anytime.

Many thanks for bringing our wine to the table. Cheers, from our family to yours.
